It's strange ...

The situation I am in right now .... It feels as if it's not reality. I am .... observing this.
My vivid wish ... I feel it has disappeared.
Seeing myself being beaten by others... I feel no pain, no joy.
Is this what I want?

What have I wished all along ....

과자야

I see ...
Your reinforcement has come.
Are you all right, Sin Uoo Park ?!
We are a bit late !
We were trying to gather guys !
Stop !

Stop, or I chop her off.
Ohh
Ox

Stop.
Let's stop.
it's not fun
anymore.

I did tell you not to see me as a good perosn.
Did you really think you can command me ?
I knew ... You and I are similar in many ways.
Ah, it's me ! Come in and make a way out !
Han Seo ... this is enough. Stop please ...

Make him stop
Sin Joo he always gets carried over with jokes Make him stop
This dude can't hurt me So

Back off
Or I am doing
to do this on
her neck

Sir !
Don't fight them
Just make a way
out

Te Hu
Let them go
They are professionals
They may be too hard for us
Besides it may hurt Aram
Too bad
was going to do this in front of you
But don't be so sad
will end you a video tape for it

Han Seo
Let s stop
What has
gotten into you
How far are
you planning
to go ?!
told you not to
interfere
will finish
you also
f you don't
stop bugging
me

Ah !
Han Seo, please !
She is Ha Ji

You know it already. What can't you accept it ?
If you hurt Ha Ji you will hurt yourself
cannot accept that
If that is indeed Ha Ji
Then her feeling toward that bastard is also Ha Ji's

I will not accept that !

Is it really ok to let him go alone ?
It's better if we all chase him Aram will be in danger
Besides if we face the men in black we will lose
Let's move anyway Let's get prepared in case Sin Joo calls us for help

Why are you here again ?! What did you do ?!
I've got you this time !
Te Hu !
If she was Ha Ji of the Doberman wouldn't have stopped you
But she can't even win against middle schooler s
She knows nothing about fighting
If you beat her It will be one-sided fight

Ok All right
I've had enough
with your
knighthood stuff
What are you
doing ?!
Move
Let s chase them
from a distance
That was weird
Is that girl
Te Hu's type
thought Te Hu
was missing
a gear or so
lately
see why now
Shut up
and
let's go !

Stupid bastard !
Was it you
Did you plan all this
Yes

You I really have to dislike you now
Why did how come
a girl like you

Time is
no longer on
my side
will soon
be disappear
But why
why now

Why was it not
Sin Joo
that taught me
the true sensation
of lingering
affection

This is the worst taste ever
Come with me
I will take you
home
Everyone out there
is meaning to harm
you Ha Ii kang
This will be my last
favor for you
so come with me
didn't know

f knew
wouldn't have
been so desperate
thought
he was the only
one
was being desperate
because thought there
was only one
f knew my
feeling was not
absolute
f knew there
was another
chance

I knew

would have not spent
my last time with
hatred and affection

He is still chasing us
Ignore him He won't do anything foolish

Should drive to the main house
No it won't be fun then Even he wouldn't dare to break in that house
Send wounded guys to a hospital first And gather the rest to the villa in ang Pyeong
Even f he is that good he is still a high school student ou don't have to
have to go this far to make realize
am going to give him something he would never be able to forget

Who is he talking about Sin Joo
He is following well to his own grave
What are you trying to do to Sin Joo

When you are awake it should be all ended
So fall into sleep It s probably hard to even talk with all the sleeping pills you were forced to take
Don't harm Sin Joo
What has gotten into you How far are you going to go with this little play of yours
Han Seo my friend Han Seo is not this kind of guy
Shut your mouth unless you want to be like him

Why are you doing this Why
Because it s fun

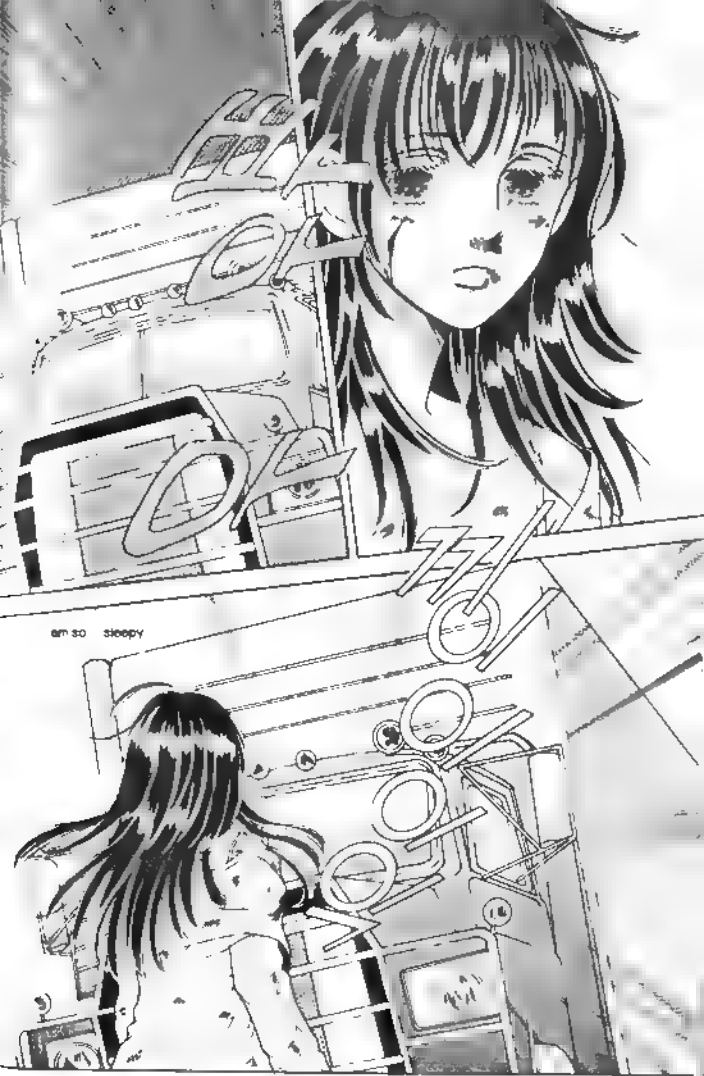
regret
the time I've
spent with you.

I cancel what I've said about you, I cancel that I said I was the luckest to have a friend like you, Han Seo Jang !
Fucking bastard !

Stop the car !
끼익
쾅

ガシャ

Aram Han !
Don't come here
Aram Han !
Watch out !



am so sleepy

Ha Ji !
SO Sleepy

Ha Ji !
What's wrong
blue

I will take you to a hospital
No
Then I will go to a drug store and get something Wait here
No ! Don't go ! Stay with me !
Don't go !

I've got it
Would you stop
crying ' Once you
cried you seem to
cry a lot Did your
tear pool break '
I want to
see the city

We used to come here often when we were child. Don't you remember ?
I didn't know there was such a place like this. I can see whole Seoul from here
Are you really ok ? Your face is too white you look as if a dead person

guess
was really
arrogant
when was
young
you still are
was told my
father was just
like me He died
even before
was born
But my mother
took care of me
well
But even my mother
was killed in an accident
and was sent to an
orphanage
Even so still thought
I'd be loved for certain

Everyone liked me
Wow she is like a doll
Her hair is so soft and nice
We will take her
Her age is a bit too old to be adopted but if such a pretty girl can be our daughter
Aram
Don't follow me around

oh oh oh
My face became ugly since I could not get proper treatment Since then no one liked me
I took being loved as granted and no one liked me
That's a shame We are canceling the adoption
That's too bad Why did it have to be her face

She deserved it
She was so arrogant
Do you still like her
Hyeon Soo
That monster
Are you crazy
Hell no
was still arrogant
and people began to
stay away from me
People's only reasoning
to like me was my face

Who is she
Oh I am sorry to show you such an ugly girl chairman
Aram Lee Go back in
Wait
Come here little lady Aram you are
My stepfather he was really a nice person He was just too good for such a person like me

had several
surgeries
to heal my face
wound
and he loved me so
much
But what he
loved was not me
but my face
My face that looked
alike his dead wife
As I grew he loved
me more but
it was not toward
me. His love was only
for my face not myself
What are you
talking about?
You look alike
to your parents

It was
You are the first
one who loved
my inner self
my true image
Thank you
for loving me
Thank you for
teaching me the joy
of love and
being loved

B1

Accident ?!
What are you talking about ! Aram was in a car accident ?!
What s going on Sin Woo Park
Just what the hell were you doing when Aram who is always careful got into the accident ?!
f you did not take her out and did not refuse the bodyguards this wouldn't have happened

Are you the patient's guardian ?
How is Aram ? Will she be all right ? You can fix her right ?
With modern medical technology it should be easy
I am very sorry Her spine has been seriously damaged Her entire body will be disabled for certain Moreover when she was hit by a truck it seems she was thrown away Her skull is broken and her brain has been damaged
She will also be brain-dead

Brain dead ! What are you saving it for her
Perform brain surgeries and fix her

understand your frustration but brain and spine cannot be repaired once they are damaged

Not like this
can't let you go like this
haven't even proposed to you yet
My proposal to you is hanging right in my throat

덜컥
덜컥
덜컥

Please get some fresh air
You haven't eaten dinner yet sir
Is Ha Ji all right ?! She is all right, right ?
She will most likely not be able to survive tonight

Sir !
Jyeong Hyeop Na
Ca a doctor
Te h m to br ng
nerve stab zer
Now !!

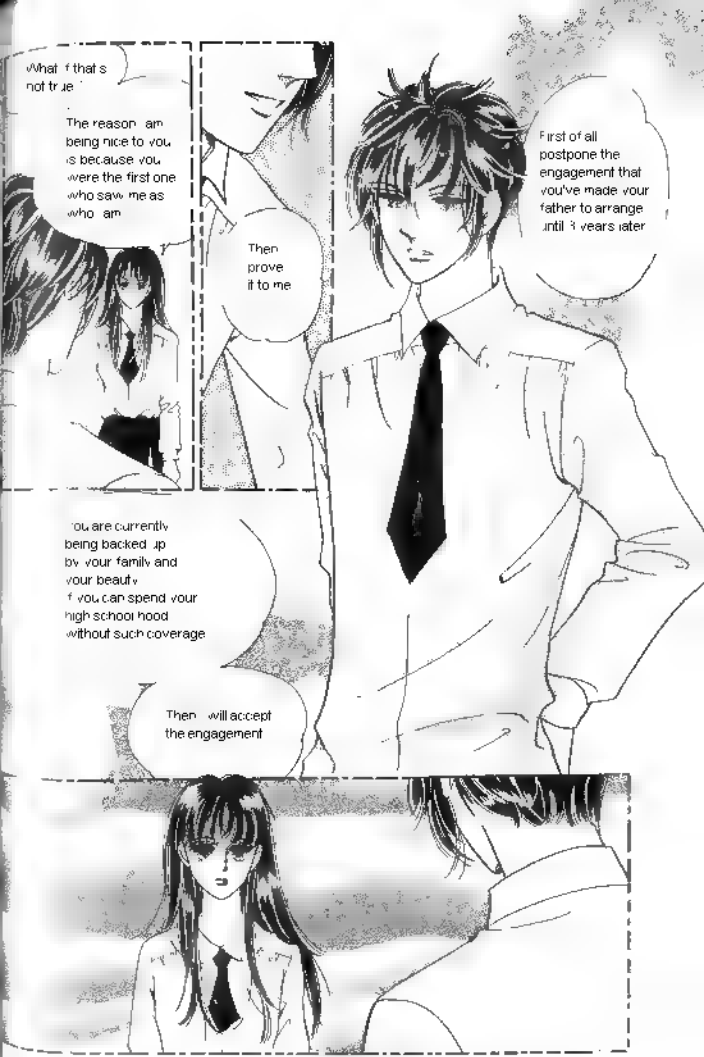
The nightmare
is repeating again
Ha Ji
Ha Ji

And the cause is me again

Ha li
Are you cold
Why are you
shaking so much
Let s go
down
No
a little more

The very first person who saw me as a normal person was Sin Joo
Maybe that's why I was addicted to him
I begged my stepfather for the first time to be with Sin Joo
Are you a stalker?
You disgust me Aram Han
I am telling you again very clearly
I dislike your arrogant personality that makes you think no one is better than you.
Do you hear me?
You disgust me

That pleases me
ou are telling me
what ou really think
That would make me
the first one who has
ever developed some
kind of relationship
with ou
Do not misunderstand
me am just trying to
shake ou off
The only reason ou
are being nice to me
is because am the
only male student
who is not interested
in ou
But f ou did not
have our beauty
that was lucky
born with ou
who would have
liked ou
Well am sure
ou wouldn't have
taught such a way
ou only care for
surface



What if that's not true
The reason I am being nice to you is because you were the first one who saw me as who I am
Then prove it to me
First of all postpone the engagement that you've made your father to arrange until 3 years later
You are currently being backed up by your family and your beauty If you can spend your high school hood without such coverage
Then I will accept the engagement

Once gave up on my
no one liked me
Even so
could not give up
it was my last
chance to posses
Sin Joo
knew why
No one would
like my bad
personality
But even so,
nothing
about me
changed
But they still
disliked me
Stop
don't want
to listen
anymore
knew what
Sin Joo was
trying to tell me
I've already
suppressed
that from my
childhood

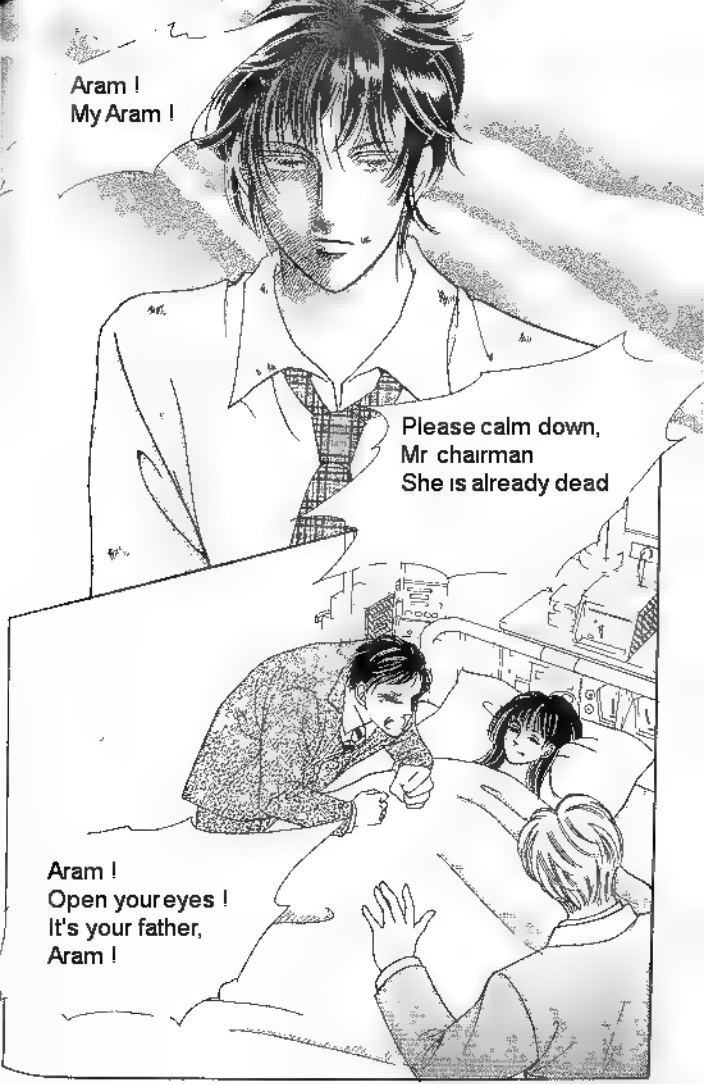
Why did define that love was absolute
Why couldn't accept that my feeling was like any other s that it could be changed

Oh my God, her heart pulse is becoming unstable !
What's going on ?! Is Aram all right ?!
Please leave this room, now !
Call the doctor now
Step aside ! When will Aram be awake ?!
하아
하아

Ha Ji Yi
Let me carry you. We are going to a hospital. Don't stop me
It's too late
When I meet you again, I will not be in this body. I don't have the time to explain everything. But please remember this
If it is you, you will be able to see me, my inner self, my true image

So
wait for me !
Wait for me
until I return !
Wait for me until
I find you !
I will not let you
go !
Promise
me !
promise
promise
let me get you
to a hospital now

What
Why is everyone leaving the room ?!
Why are you taking the oxygen mask off her ?! Wait
Put it back on right now How dare you



Aram !
My Aram !
Please calm down,
Mr chairman
She is already dead
Aram !
Open your eyes !
It's your father,
Aram !

It's all right Ha Ji
The hospital is
soon
Don't lose it
Hold on
Just how did
a girl like you
become the
gang of Myeong
Seong high
school

Please faster !
Hurry !
Ha..li
Snap out
of it
Breathe
Please !

will
return soon

Darling please get some rest Don't punish vouself
Please snap out of it Seeing vou like this only hurts me
Don't do this to me
Just feel sorry for her
My Arm She was so precious to me So only cared about her
Even when she was doing something wrong didn't even yell at her and only cared for her

What she really wanted was a true father
Even though I knew it all along, only treated her like a doll
You are a good father
So please don't punish yourself
because of me
Whenever I saw her, I felt as if your dead wife came back from dead
So I was unintentionally cold to her
You cared her more because you know how I felt
Don't punish yourself father
Don't be sad for a foolish daughter like me

Why couldn't I feel this before? I can feel his mind so clearly now
What father loved me was myself But I refused to believe because I was already hurt once
refused to believe in father
Humans are foolish
Emotion is how they want it to be They never realize when they are alive

You are right
I was the one who
made myself fall into
despair and depression
I was busy trying to
comfort myself
It was myself all long
But I hated people
around me
You will have
another chance

Father s baby
am glad
Mother always
wanted one
That s your
place
How much
longer are you
going to sleep
This is your
second time
Can't you wake up
by yourself ?!
Get up !

우와~앙

Thanks for giving me a chance to see father for the last time
No problem Mova returned his vacation for this
Yes
Ah it s nothing Let s go
What is this What s going on
It s going as it should Aram s life has been completed and her soul has been reassigned

Good for you, Aram
At last you have
shaken off your
burden
So - !
I am dead,
huh ?!
#%!@ !
I finally get to
be close to
Sin Woo and you
kill me ?!

Wait
have only kissed him once
And haven't even kicked Han Seo yet And you kill me now ?!
You bastard will kill you
#%^@#
am dead already
Why the hell should care for the future ?!
f you interfere me you will be punished for interference with an officer on duty
You will be reborn as an animal or an insect

The one I have my saliva on will be living happily ever after with some bitch on his side !
So, I will kill you, too !
You are not dead yet
Your age of death is 119

Get the situation straight ok Aram is dead not you
The messed up destiny is finally beginning to be straight at last
You've been in coma for more than 5 months and you will wake up And then you will meet your future husband in the same hospital
my husband
You don't need to know that far
Ah yes it's me Mova
Yes will send her down soon and write up the final report
Mova Your name is Mova
Mova

How dare you to make a fun of my name
The meaning of my name is late night it contains my spirit had to go through 1000 times of metempsychosis to be what am today
Have some respect
Your name is only
Ha Ha li
It s a nice and cute name
Don't be so violent just because you think you are dead
You are bad just plain bad
failed my promotion exam all because of you
Well got demoted by just reporting few of what she has done f did report everything she had done would have been demoted to be an insect
Heh
Ah

Being dead is not bad at all can hear your thoughts
Oh no If she leaks that information am done for good
can hear so clearly It's better than speaking
must not think am not thinking
Hey will zip my mouth if you let me see Sin loo for the last time want to see if he is all right

love you
think I loved you
am not sure
whether this feeling
is love or not
No
f this is not love
love doesn't
exist

I love you
Aram
I love you
This is so easy to say
Why couldn't say
this to her before
Just once once
I told her just once
I would not be regretting
like now

Please
Aram
Let me speak
to you just
once

Poor guy
He is suffering from what Ha li had done senselessly
This is so not fair
Why didn't I know ?!
Because you are too dense
What is he talking about ?
Sin Joo loves me ?
I thought he hated me
So he likes me ?
No -
he loves me
Wait for me Sin Joo Park
I will uncover your thick shyness around you

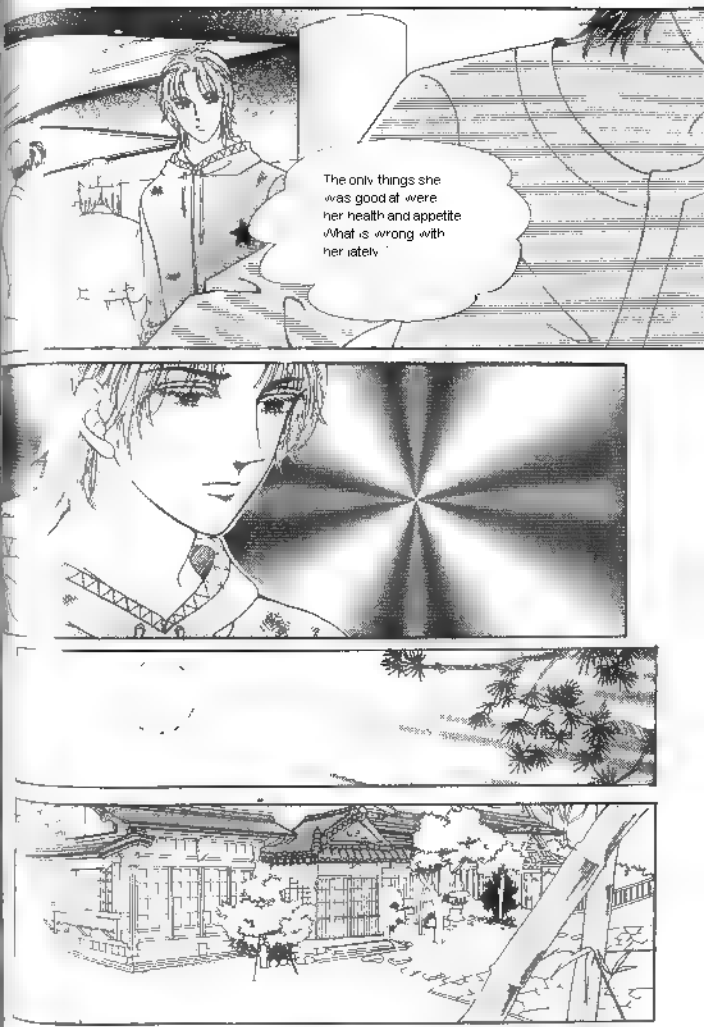
So it wasn't one-sided love
All right Sin Joo Park
you are now mine
Let's hurry
It will be a way
long So let's
have a drink first
sure
sure
Nice
it tasted like
coke

N o
Not like this
had a hard time hiding my thoughts spent 2 months of my salary to get that drink The effect is guaranteed
Since you are a holy spirit am powerless to you So had to find another way to do this
Shit No can't return like this

You are a human
You can't change
your destiny
No
Not this
can't
Sin Joo
Sin Joo

We shall meet
again after
100 years

She collapsed again
What is going on



The only things she was good at were her health and appetite What is wrong with her lately

You are skipping lunch again.

He is worried about you. Please quit smoking and eat something
Any news from Ha Ji ?
About that She collapsed again and the strange thing is she is in coma now
Coma ?

Yes He Ji is in a hospital So please no more nonsense with Aram being He Ji
Which hospital ?
The hospital she was carried to last time
Are you going to pay a visit?
Of course She is my jiang efe all

Where is he
Don't worry
He ate lunch
and went out
That's good
I was worried that
he might vent his
anger on some other
person again
vent his
anger
Yes Han Seo
did curse
Te Hu for
what happened
to Ha Ii before

s he going to
do it on Ha li
this time ?!

Ha li
vou see

think you are really pretty
like your eyelashes and your nose that was deformed a little because you were hit too much
And I find your body that wouldn't form muscles easily very charming
That was why that was the only reason I did not do anything to hurt this body

Ha li does not exist anymore
This body has no reason to exist either
So follow her
But you went too far
Ha li was too dumb to take care of her things
So will do the favor for her

ピピピ

cough
Not bad
forgot you
still had Ha li's
body
Mutiny
Han Seo rang

You bastard ! You dared to harm your jjang ?!

Shit
Why do I have no strength ?
Be honest Han Seo Jang
Since when did you plan to take over my place ?
Did you so want to be the jang ?
You are now ignoring me ? Do you want today to be your last day ?
You
Ha Ji Kang

Hey
will forgive
you for what
you tried to do
if you buy me
a pizza
can't even fight
have no
strength

It's you
It's really you

!
WHOA
$#@!, is this some kind of new play ?!
Are you saying we should give up on our daughter?
We've performed CT and MRI scan on her
We did not find anything
Her brain has simply stopped working. In such a case, recovery is most likely not possible

Doctor
The patient
in room $ 51
woke up
Don't expect
too much
That was probably
misjudgment on
the nurse s side
Even if she did wake
up she won't even
able to move for
lack of exercise
Inless it s a miracle
no way could she
You put your mouth
on where ?!
You really want to die
don't you huh ?!

What s tonight s menu
Let s go out We won't need to spend any more money on her
Listen to the doctor ! That's not normal !
Hmm my body is healthier than thought
When was hit buy the truck thought died

Do you remember the accident
Of course
If you had slowed down nothing would have happened you !@%# you keep pissing me off
You only remember that part
What Did something else happen

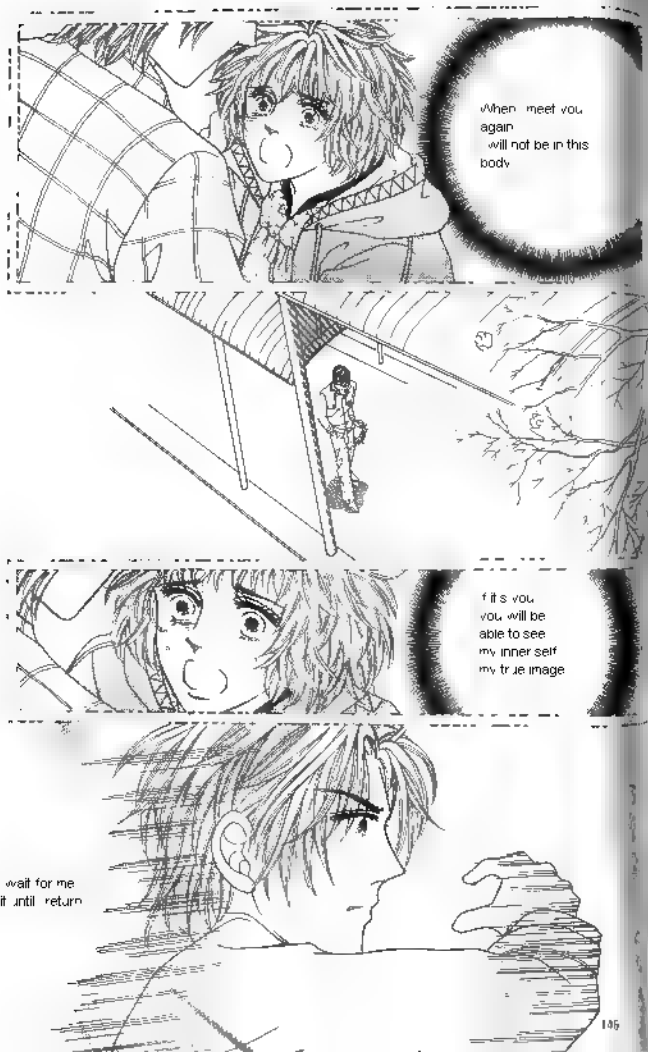
Did you really forget
No
Nothing else happened
But my head is itching
I feel as if I've forgotten something
Yeah something
Someone that did not really want to forget

You said you'd eat a hamburger after the soup You must have forgotten that
Yeah I forgot that
Ah The patient has been moved to normal room She is fine now
Why isn't she getting released? The hospital is so noisy ever since she woke up
I keep wondering why the doctor would want to keep her here for free of charge even when the patient wants to be released

Ha Ji !

You look fine Do you
I know you don't make a surprise attack So will take that you really came to see me Well got hurt on the way to fight you after all
Hey wait until we declare a date to fight Until then wait

is that for me
You should have brought food instead Flowers are no use for me
This
Sorry
This is for somebody else



When I meet you
again
I will not be in this
body
If it's you
you will be
able to see
my inner self
my true image
So wait for me
Wait until I return

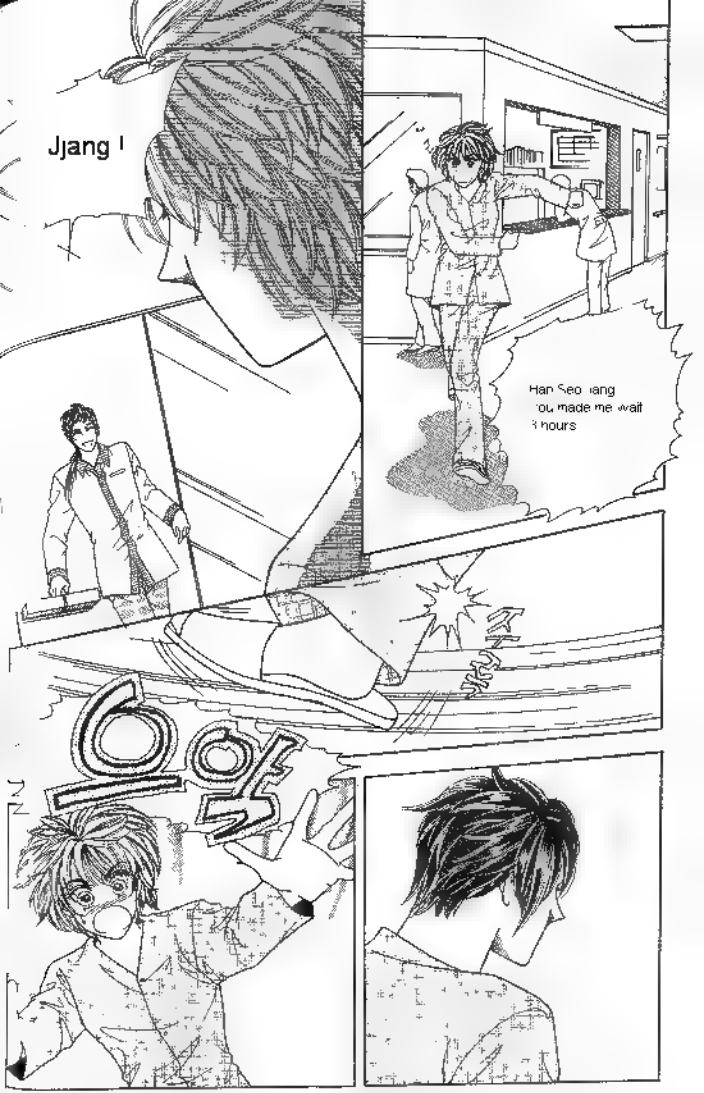
Waiting is easy
All have to do
is let the time carry
me
will breathe
will exist as the
time flows
That's all have to do

Ha li
then
are you coming
back
Or can you
really return

Shit
I want to leave
Why are you trying
to lock me up in
this boring space
As your doctor
I cannot let you
go until I find
some reasonable
results
Am I still not
normal
This is why
you are still
here

That psycho doctor can't talk to him
The patient who is suffering from insomnia caused by mental stress
I thought he was a little different from others You know he has the aura of rich like grace
Where is Han Seo Yi He said he'd come here directly after school
What it's because his fiancee died
I feel sorry for him It must have shocked him badly

Please don't appear
in front of me like
that repeatedly
Sorry
I am sorry
Aram
So let me go



Jjang !
Han Seo Jang
You made me wait
3 hours
Oh!

Argh

You again
Ah sorry
Hey I told you I was sorry Don't be so goopy like that Act like a man

Get your hand off me
The dude he sure is handsome
His glaring eyes are so sexy
His side looks perfect as well

We meet again
Han Seo Hang
Looks like
we still have
unfinished
business

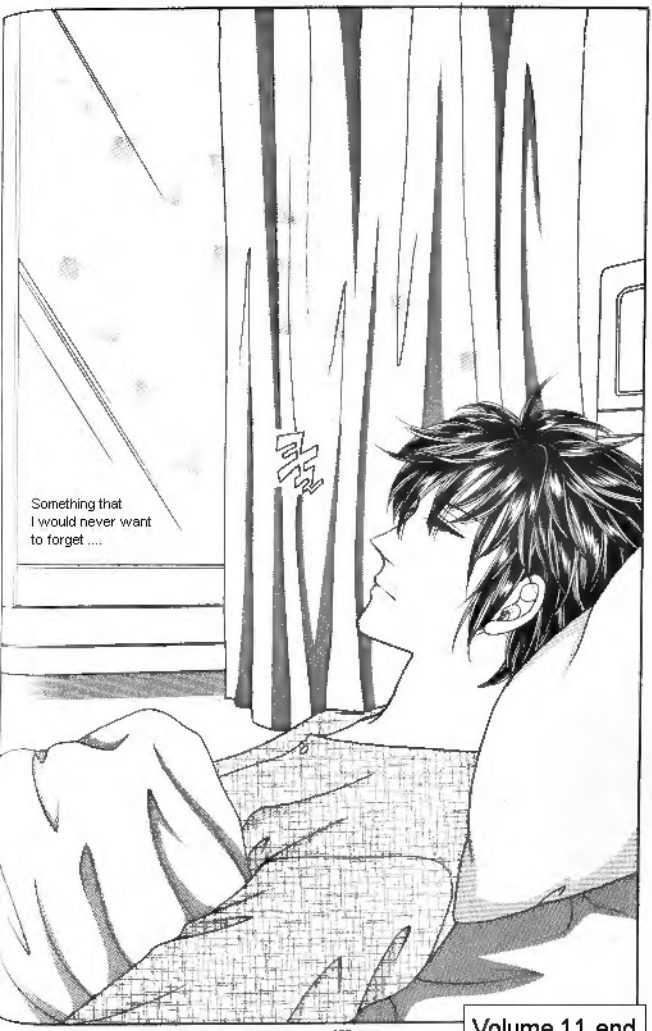
Do you know him
haven't seen him
You always forget people's face anyway
But with a face like that it will be hard to forget

No think
I've seen him
before
somewhere
I've seen a
face that was
perfect from
any angle
just can't
remmeber
Hey liang
Catch it
f not it s going
to a trash can

Aw - !
it's hot, hot ....
You dumbass ...

Shit ...,
it was so hot ...
I think I burnt my
lips .....

Jjang ?
My heart ... hurts ...
Something ... inside of me ..., something so sad is telling me cry .....
He is asleep ! He is sleeping !
What happened? He hasn't slept for over a week.
Quiet, call the president, right now.



Volume 11, end
